14 January 2010

Thank you for your continued support in 2009; there is no doubt that the last 12 months have been challenging for everyone. Over the year there have been a number of themes that have challenged us to help you.

The Challenge

We have responded quickly to client needs and as a result adapted a number of programmes ranging from 1 day facilitation to "bite size" or workshop style offerings in the following areas:

- [Dealing with Change](#)
- [Resilience](#)
- [Leading through Uncertainty](#)
- [Advanced Presentations](#)
- [Consultative Selling](#)

All of these are high impact programmes, enabling people to immediately apply the learning and enhance their performance.

Of course we still offer our core range of bespoke facilitated programmes in management and leadership development as well as business development. Our website lists our products and services at www.mastireland.com

If you have any development needs then we'd be delighted to chat with you about them.

I hope this letter finds you well and gearing up for the challenges of 2010.

Yours sincerely,

David Storrs
